

CLIENT TESTIMONIALS

"Dealing with Tom Tona is a pleasure and has proven to be a tremendous asset to my professional career and practice. After some 34 years of private practice, few attorneys know the ins and outs of dealing with the American Arbitration Association to the physician's benefit. He is truly efficient, organized, and quick. For a successful doctor or a physician who wants to build their practice in these desperate economic times, disputing improper No-Fault denials is a must. No one can attack a file and explain to a judge our position as treating doctors better than Thomas Tona. His staff is punctual, warm, friendly, and accurate."

"Mr. Thomas Tona and his Associates delivered all that I expected and more in even less time than I expected. He is professional, personable, and came through in an amazing time frame with my No-Fault collections when numerous other attorneys failed to. He kept his promise. Highly recommended."

CLIENT TESTIMONIALS

"I have known Mr. Tona for over a decade. Initially, our relationship was business, as Mr. Tona is an attorney, and I am a Doctor of Chiropractic, and we share patients and clients. After working with Mr. Tona over the years, I was so impressed with his professionalism and integrity that I have made him my personal attorney, and recommend him to all of my friends and family members. My business allows me to meet and work with many attorneys, but I can honestly say without reservation that Mr. Tona is in a league by himself. He is a rare breed of attorney who looks out for the best interests of his clients, and provides exceptional counsel and advice."

- Bernard S.

"Prior to working with TonaLaw, the entire No-Fault business was a complicated maze. TonaLaw was essential, and educated me and my staff on best practices in No-Fault. They maximized our recoveries and shortened the receivables cycle significantly. TonaLaw is the quintessential authority on No-Fault. 5-stars."
